

Latino Conservation Week

July 16 to July 24, 2016

Learning from Giants

Saturday, July 23, 2016, at 9:30 a.m.

Giant Forest Museum

Join us in collecting scientific data on our amazing sequoias. We will work with a park scientist to measure the diameter of some of our incredible giants, as well as learn about why these measurements are important. Please be sure to wear comfortable sneakers or hiking boots, as well as bring a bottle of water and your scientific curiosity! If you own a smartphone, download the free app—iNaturalist—before arriving so you can learn how this app can be a powerful tool. 1 mile.

This event is a volunteer project open to the public. Please register in advance at seki_interpretation@nps.gov and email your contact information.

Spanish Guided Hike

Sunday, July 24, 2016, at 2:30 p.m.

General Sherman Tree Trail

Come learn about some of our biggest giants on a 2-mile hike along one of the parks' most popular trails. Be sure to wear comfortable shoes or hiking boots and bring a bottle of water and a hat. This hike will be led using the Spanish language only.
